DENVER, Dec. 3, 2018 /PRNewswire/ -- Leiters, a trusted FDA-registered 503B outsourcing provider of high-quality ophthalmology and hospital-based services, announced today that it has been awarded a three-year agreement with Premier Inc.

Premier Inc. is a leading healthcare improvement company, uniting an alliance of approximately 4,000 U.S. hospitals and 165,000 other providers to transform healthcare. With integrated data and analytics, collaboratives, supply chain solutions, and advisory and other services, Premier enables better care and outcomes at a lower cost.

Effective January 1, 2019 this new agreement provides Premier members with access to a wide range of outsourced pharmacy services used by physician offices, hospitals and surgery centers. The agreement includes services such as: patient-controlled analgesia (PCA) pre-filled syringes,

intravenous (IV) injection pre-filled syringes and ophthalmic injection and solutions, as well as the repackaging of Avastin®. Also included in the agreement is our proprietary pharmacy fill service for the ON-Q* Pain Relief System.

"Leiters has been a trusted source of medications for nearly a century," said Robin Smith Hoke, Chief Executive Officer of Leiters. "Our mission is to deliver better medicine to more people. We look forward to working closely with Premier's leadership and are excited to provide high quality products and services to Premier's membership and their patients."

About Leiters

Leiters, a trusted FDA-registered 503B outsourcing provider of high quality ophthalmology and hospital-based services, is committed to providing healthcare professionals and their patients with high quality medications. Leiters employs a team of sterile pharmaceutical manufacturing, repackaging, and pharmacy experts that bring a sophisticated understanding of what it takes to elevate quality and consistency of supply in outsourcing. By combining a quality team, robust processes and state-of-the art outsourcing facilities, Leiters ensures delivery of the highest quality products and services.
