

Pre-filled Intravenous (IV) Bags

Leiters Health is expanding its portfolio of compounded sterile preparations to include IV bags. Our pre-filled IV bags offer efficiencies to pharmacies and clinical teams without sacrificing quality. These ready-to-administer bags eliminate the need to compound in-house, resulting in increased productivity, mitigated risk of error and contamination, enhanced workflow and increased time for what matters most — patient care.

Elevating the standards in 503B pharmaceutical outsourcing.

The world of healthcare is constantly changing. With increasing regulatory pressure, treatment shortages and the need to do more with less, high quality pharmaceutical outsourcing is more important than ever.

Leiters Health, founded in 1926, is an FDA-registered 503B outsourcing provider of hospital and ophthalmic compounded sterile preparations and pharmacy services.

Our team of experts in sterile pharmaceutical manufacturing, repackaging and quality assurance provide a sophisticated understanding of what it takes to elevate quality and consistency of supply in outsourcing. We combine our team, our robust processes and our state-of-the-art facility to ensure the highest quality vital medications for you and your patients.

THROUGH 3 KEY PILLARS, **PEOPLE**, **PLACE** AND **PRODUCT**, LEITERS HEALTH IS ELEVATING THE STANDARDS IN PHARMACEUTICAL OUTSOURCING.

PEOPLE

Let our team become an extension of your pharmacy. Our multi-disciplinary team of professionals includes quality assurance experts, microbiologists, pharmacists, ophthalmic specialists and health system pharmacy experts.

- We have a legacy of deep experience in current Good Manufacturing Practices (cGMP), sterile pharmaceutical product development, manufacturing, compounding, and repackaging.
- Our leadership team has relevant industry experience with sterile pharmaceutical companies, hospital pharmacies, regulatory compliance, and academia.
- Our customer experience team of regional based account representatives, account managers and customer service specialists work together to provide you with consistent and reliable service.

PLACE

With increasing regulatory pressure, there is a growing need for higher standards in pharmaceutical outsourcing. Our state-of-the-art facility was designed to exceed traditional outsourcing facilities and ensures quality, consistency, and compliance with all released products.

- FDA-registered and inspected, cGMP compliant 503B outsourcing provider.
- Licensed to ship to all 50 states (+ the District of Columbia).
- State-of-the-art equipment and automation is used throughout our sterile manufacturing process.

PRODUCT

Leiters Health offers a wide range of ready-to-administer compounded sterile preparation and pharmacy services including pre-filled syringes, IV bags and vials, non-opioid pain solutions, and ophthalmic medications and services including, an FDA-Compliant Repackaged Avastin® service.

- All sterile preparations are produced under 503B of the FD&C act (503B Guidance), following current Good Manufacturing Practices (cGMP) and meet or exceed USP <797>.
- Full microbiological and chemistry testing is completed prior to each batch being released. This includes sterility, endotoxin, potency, identification, impurities, particulate (subvisible), visual appearance and pH testing.
- A batch specific Certificate of Analysis (CoA), detailing all the testing performed, is provided with every shipment.

Quality. Compliance. Consistency.
