PRODUCT DETAILS

- Labeled for Intracameral Injection
- Correctly labeled to match the actual clinical route of administration during cataract surgery.

INTRAOCULAR-GRADE QUALITY STANDARDS

- Tested to USP <789>, which is more than 100x stricter than USP <788> for sub-visible particulate matter.

READY-TO-USE CONVENIENCE

- Eliminates vial-to-syringe transfer steps to help reduce OR prep time, handling, and waste.

SUPPORTS COMPLIANCE INITIATIVES

- True unit-dose syringe presentation helps eliminate multi-dosing audit concerns.

CERTIFICATE OF ANALYSIS INCLUDED

- A Certificate of Analysis is provided with every shipment for added transparency and confidence.

EXCLUSIVELY FROM LEITERS HEALTH

- No other manufacturer or 503B outsourcing facility currently offers this product configuration.
- By continuously expanding our product portfolio based on the needs of healthcare providers, we remain focused on helping you streamline ophthalmology workflows, enhance reliability, and ensure consistent access to high-quality, ready-to-administer ophthalmic medications.

Quality. Reliability. Service.
